Please contact your ŠKODA Retailer for further information on painting and fitting.

Now's the time to really 'own' that ŠKODA. We're not talking just "nice to haves" here, but thoughtful extras designed for the way you live your life and drive your ŠKODA. So you'll find lots of "just what I need", plenty of "that would look amazing" and loads of "these guys know where I'm coming from".

It's about looking the part, packing loads in, or just enjoying the journey. It's about making special days out exactly that, as well as making the perfectly ordinary trip a little less ordinary. Because wherever you want to take it, your ŠKODA is ultimately what you make of it.

"We've got energy in spades... and can even handle the awkward stuff"

In Caroline and Keith's very own 'Eden Project' everything has its place.

They've got room for the tools as well as the toms...

...can carry the compost on top...

...and keep everything looking tip top. Paradise.

# We've made every effort... to minimise yours
